PORTFOLIO

Dr. Beata Prościak

Series of paintings from the collection of Dr. Beata Prościak "Inhabitants of the Planet of Light".

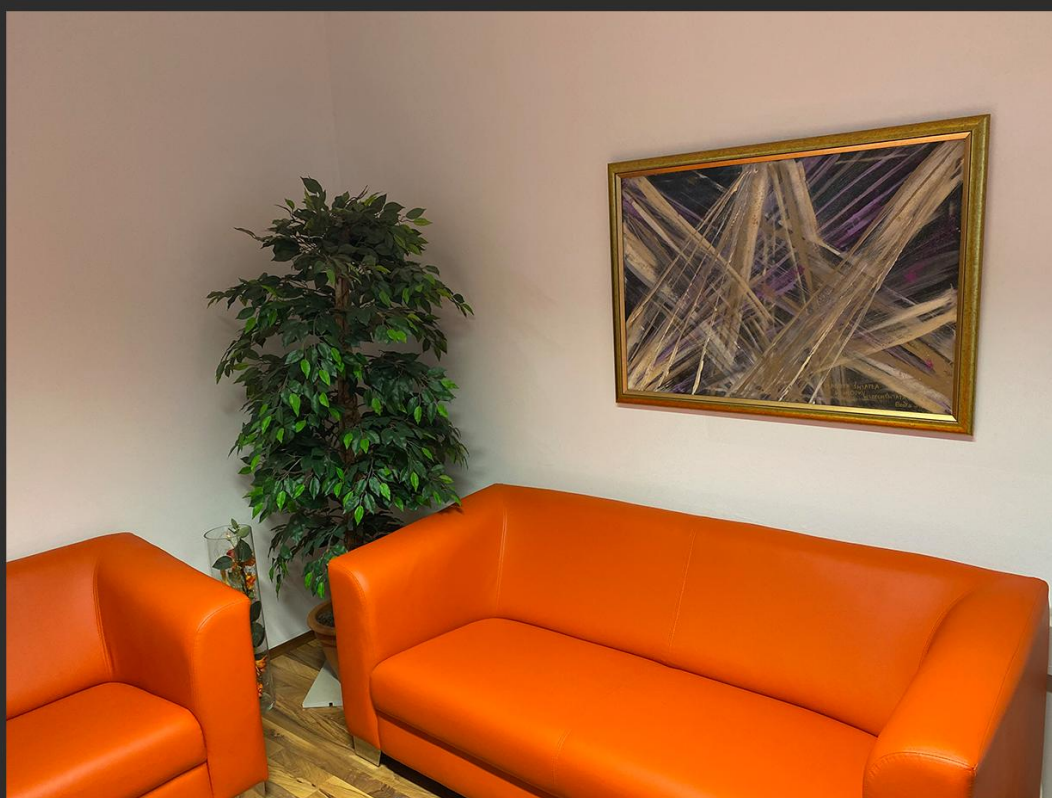

My work grows out of a fascination with the dynamics of the modern world and the mathematical order of fractals. Each piece is a unique vision in which fractal variations intertwine with reflection on the state of our planet and the fate of its inhabitants. I create images that are a record of an individual interpretation of reality – unique compositions that serve as a kind of dialogue between a technological algorithm and biological life.

1. Beata Prościak

“Planet of Light – fractal view”

Acrylic on canvas, 2020, format 100 x 70,
signature in the lower right corner in front of the image
(content of signature Beata Prościak)
Limited series with author's own description

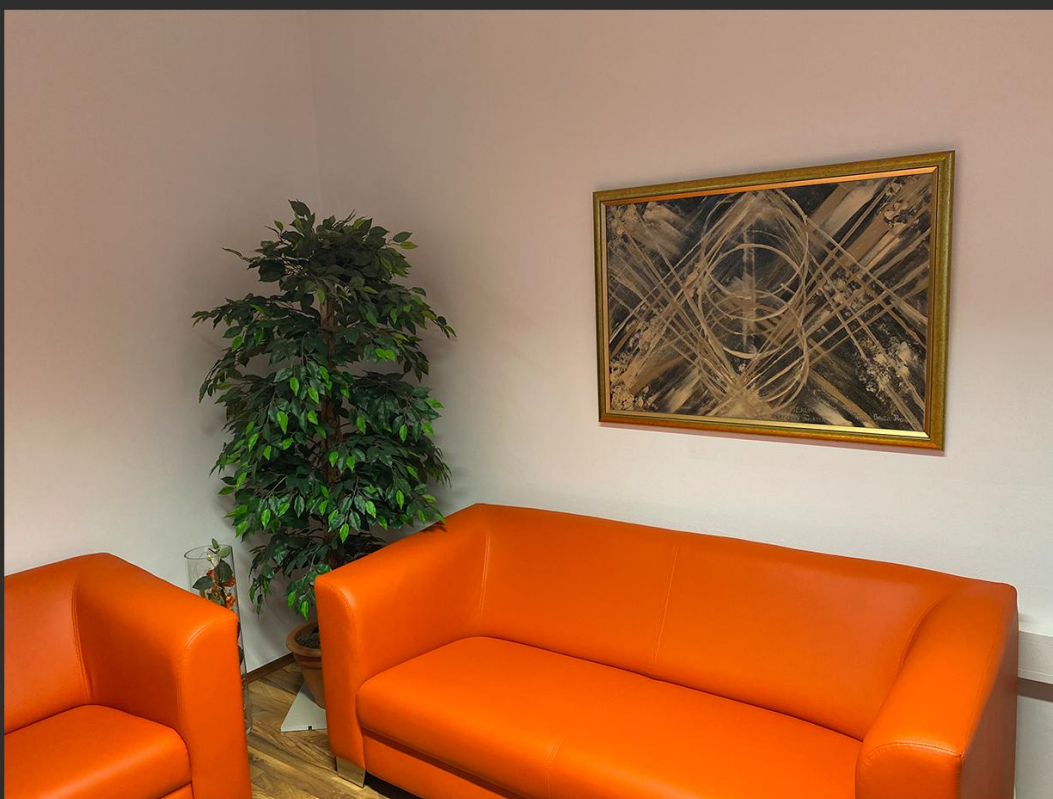

2. Beata Prościak

"Planet of Light in the view of the universe"

Acrylic on canvas, 2020, format 100 x 70,

signature in the lower right corner in front of the image
(content of signature Beata Prościak)

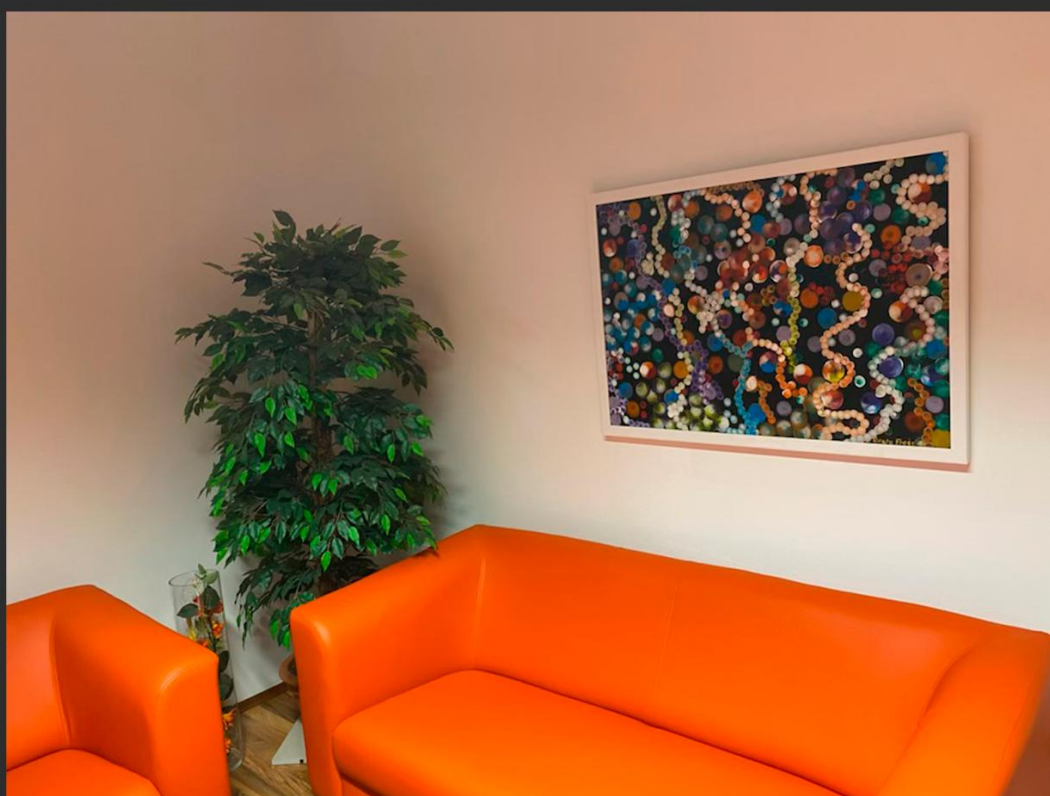

Limited series with author's own description

3. Beata Prościak

"The Guardian of the Planet of Light "

Acrylic on canvas, 2020, format 100 x70,
signature in the lower right corner in front of the image
(content of signature Beata Prościak)
Limited series with author's own description

4. Beata Prościak

“The Inhabitants of the Planet of Light – a view
in the crossroads”

Acrylic on canvas, 2020, format 100 x70,
signature in the lower right corner in front of the image
(content of signature Beata Prościak)

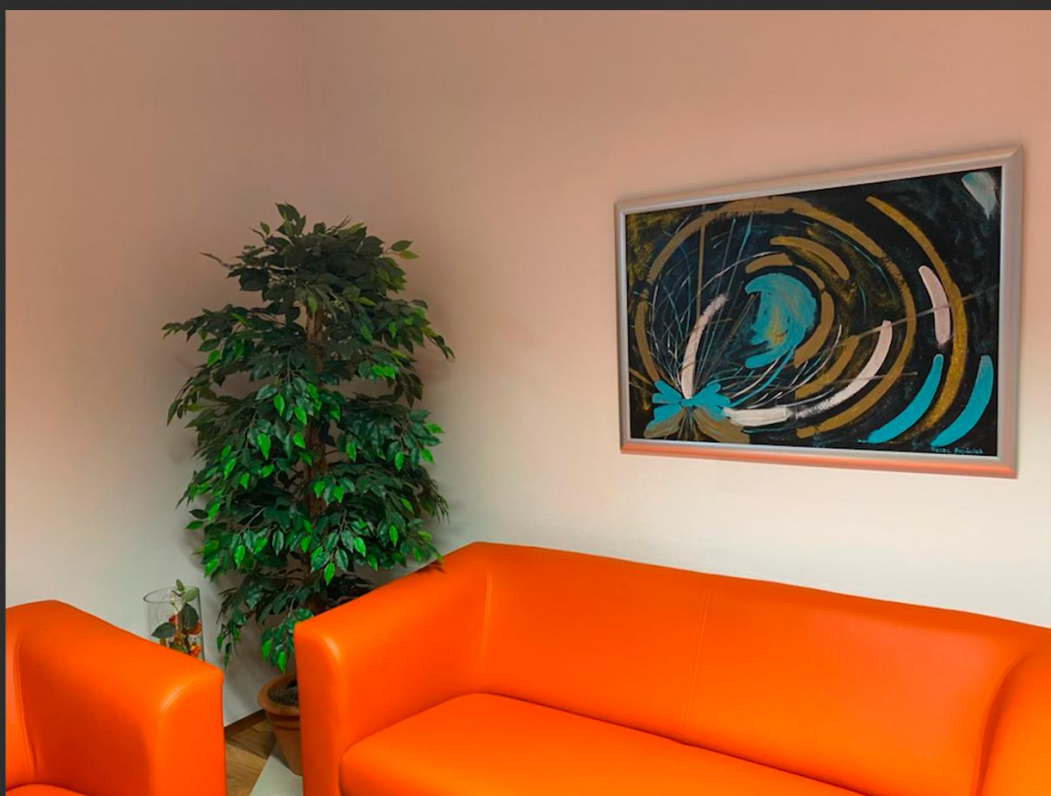

5. Beata Prościak

“Planet of Light – Resident 1”

Acrylic on canvas, 2020, format 100 x 70,
signature in the lower right corner in front of the image
(content of signature Beata Prościak)

Limited series with author's own description

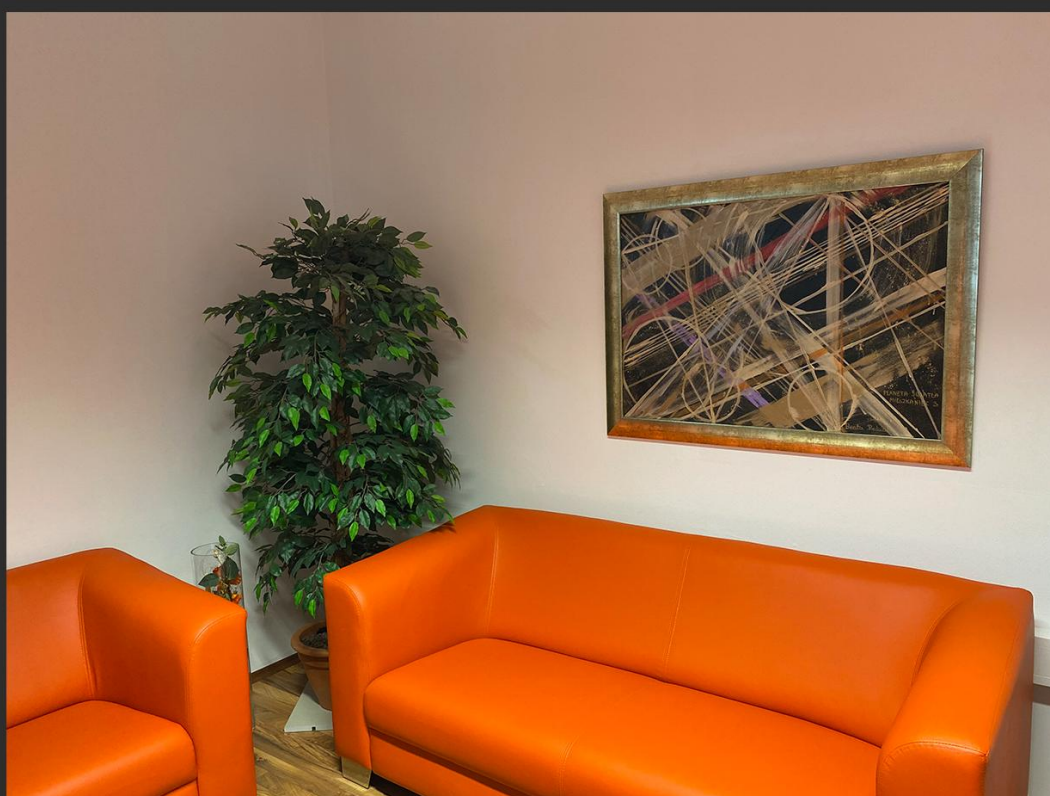

6. Beata Prościak

"Planet of Light – Resident 2"

Acrylic on canvas, 2020, format 100 x70,

signature in the lower right corner in front of the image
(content of signature Beata Prościak)

7. Beata Prościak

“Planet of Light – Resident 3”

Acrylic on canvas, 2020, format 100 x 70,

signature in the lower right corner in front of the image
(content of signature Beata Prościak)

Limited series with author's own description

8. Beata Prościak

“Planet of Light – Resident 4”

Acrylic on canvas, 2020, format 100 x 70,
signature in the lower right corner in front of the image
(content of signature Beata Prościak)

9. Beata Prościak

“Planet of Light – Resident 5”

Acrylic on canvas, 2020, format 100 x 70,

signature in the lower right corner in front of the image
(content of signature Beata Prościak)

Limited series with author's own description

10. Beata Prościak

“Planet of Light – Resident 6”

Acrylic on canvas, 2020, format 100 x 70,

signature in the lower right corner in front of the image
(content of signature Beata Prościak)

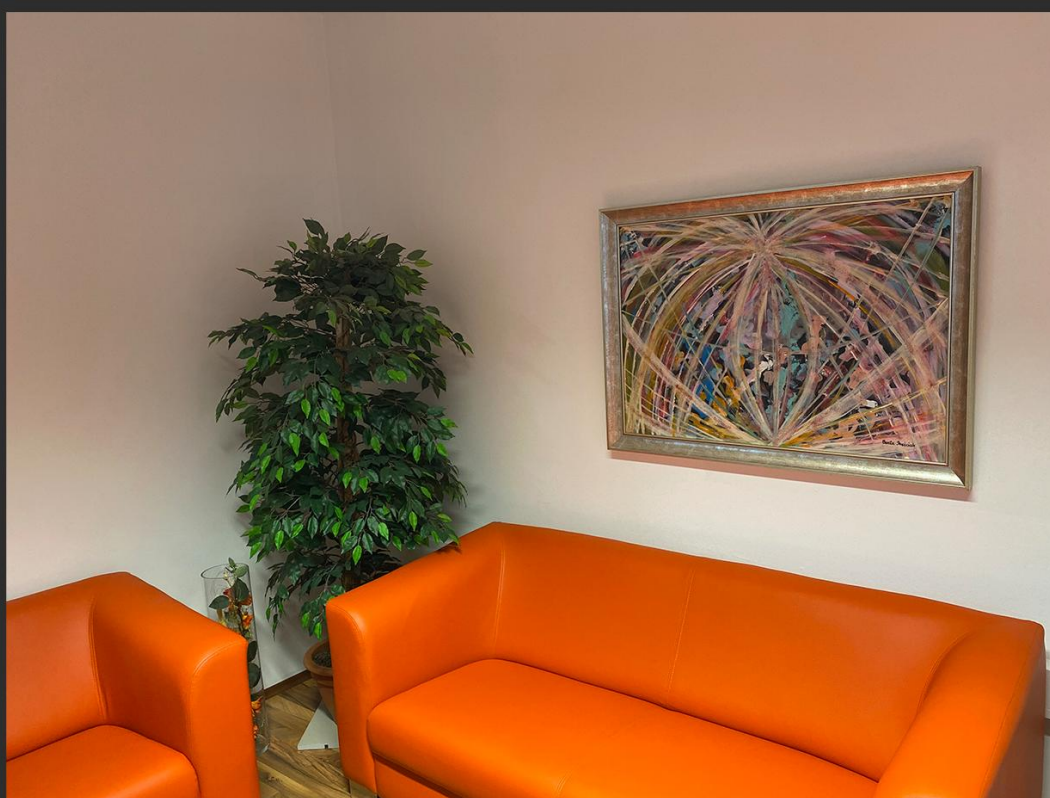

Limited series with author's own description

11. Beata Prościak

“Planet of Light – Resident 8”

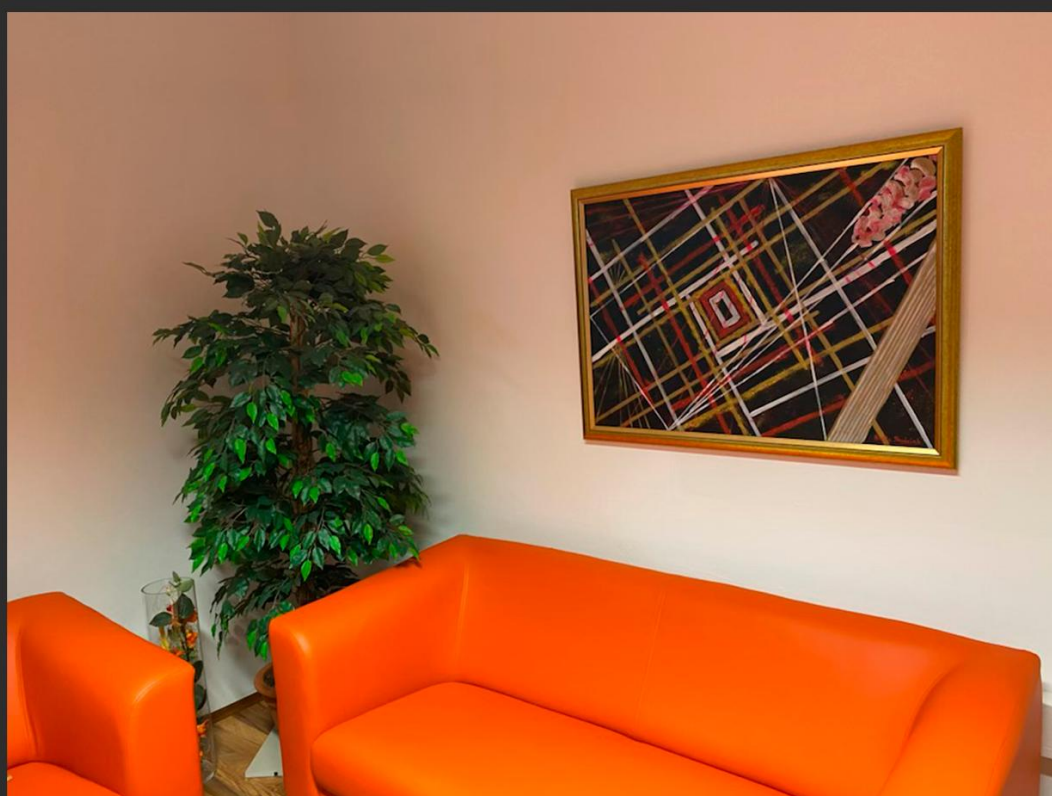

Acrylic on canvas, 2020, format 100 x 70,
signature in the lower right corner in front of the image
(content of signature Beata Prościak)

12. Beata Prościak

“The White Crystal of the Inhabitant of the Planet of Light – Output from Matrix 1”

Acrylic on canvas, 2021, format 100 x 70,
signature in the lower right corner in front of the image
(content of signature Beata Prościak)

13. Beata Prościak

“The Red Crystal of the Inhabitant of the Planet of Light – Output from Matrix 3”

Acrylic on canvas, 2020, format 100 x 70,
signature in the lower right corner in front of the image
(content of signature Beata Prościak)

14. Beata Prościak

“The inner crystal of the inhabitant of the Planet of Light – output from the matrix 0”

Acrylic on canvas, 2020, format 100 x70,
signature in the lower right corner in front of the image
(content of signature Beata Prościak)

15. Beata Prościak

“Blue Crystal of the Inhabitant of the Planet of Light – Output from Matrix 5”

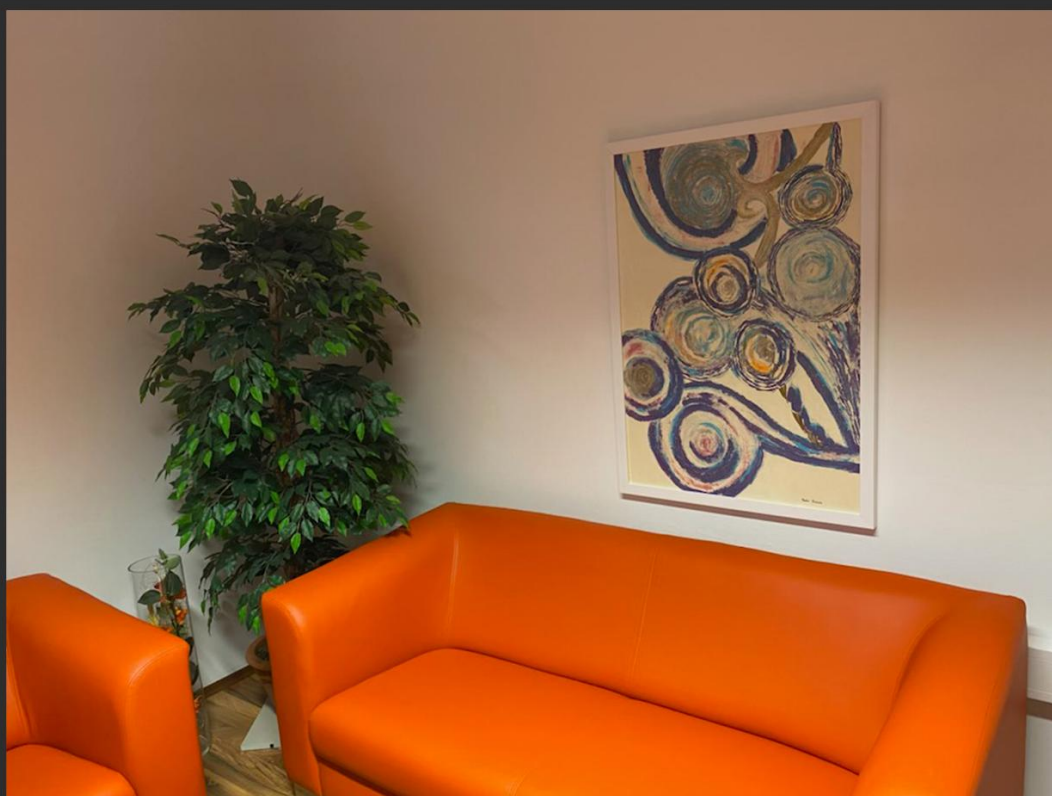

Acrylic on canvas, 2021, format 100 x 70,
signature in the lower right corner in front of the image
(content of signature Beata Prościak)

16. Beata Prościak

“The violet fractal of the inhabitant of the Planet of Light – a transverse view”

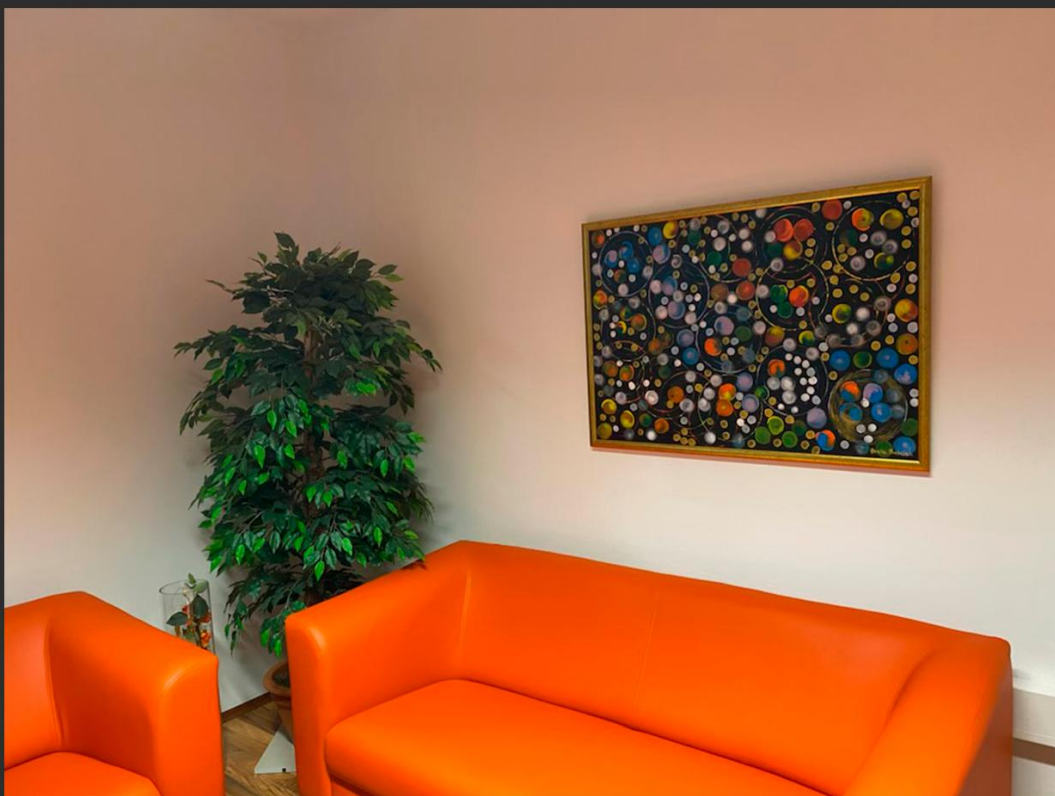

Acrylic on canvas, 2019, format 100 x 70,
signature in the lower right corner in front of the image
(content of signature Beata Prościak)

17. Beata Prościak

“The Flowers of the First Inhabitant of the Planet of Light – a transverse view”

Acrylic on canvas, 2022, format 100 x 70,
signature in the lower right corner in front of the image
(content of signature Beata Prościak)

18. Beata Prościak

"The Order of the Planet of Light
– a cross-section view"

Acrylic on canvas, 2021, format 100 x 70,
signature in the lower right corner in front of the image
(content of signature Beata Prościak)

19. Beata Prościak

“Crystallization of the inhabitant of the Planet of Light”

Acrylic on canvas, 2019, format 100 x 70,
signature in the lower right corner in front of the image
(content of signature Beata Prościak)

Dr. Beata Prościak is a Doctor of Humanities, author of forty-five scientific publications (including international ones) in the fields of Polish language teaching methodology and pedagogy, and a reviewer of international scientific papers. She served as a lecturer at the State School of Higher Education in Przemyśl (2004–2010), an assistant professor at the University of Management in Rzeszów (2005–2013), and is a certified teacher at the Tadeusz Kościuszko Technical School Complex in Leżajsk. She was awarded the Medal of the Commission of National Education in 2019 and is a contemporary artist specializing in multidimensional fractal abstractions.

By combining inspiration from the essence of fractals with visionary aesthetics, I create works that have gained recognition in international markets. My art dialogue between the mathematical precision of fractals and the state of the contemporary world—has been presented in prestigious galleries and at major global art events, including:

- Gallery Steiner, Wien (2025, 2022)
- Artexpo New York (2025)
- Red Dot Miami, Floryda (2025)
